New Oakridge Website!

We are excited to announce our new website. Here you can learn about all of our construction, erosion control and maintenance services including a 90 second drone shot overview.

Please visit us at:

www.oakridgelandscapenet.net

We are Open for Business

While the COVID-19 crisis has caused dramatic changes to our lives and business, Oakridge Landscape has continued to provide un-interrupted service to our customers.

- Business Developers are available for onsite consultation.
- Project Managers are still engaged on every project.
- Estimators continue to provide proposals for your projects,
- Purchasing is working with vendors to find cost reductions.
- Management is committed to safe interaction between you and us.

We can't wait to see you in person again!

BRUSH FIRE PREVENTION

Fire Preparedness Measures

- Check with your HOA or community for any evacuation plans with planned escape route for your family.
- Create defensible space around your home based on local fire codes.
- Keep flammables away from your home. Store wood away from your home as well as gasoline tanks, propane tanks, gas barbecue grills, etc.
- Replant with fire resistant plants.

Oakridge Landscape can assist with your fire prevention plan by providing your HOA or property with weed abatement services to comply with all municipal and fire codes.

MAY UPDATE

We can help!

Oakridge Landscape is a full-service landscape contractor providing maintenance, erosion control, arbor care and landscape construction. A one-stop shop for all of your landscape needs. This is a great time to have a review of your landscape and tree health as we move into warmer months. Take advantage of the seasonal change to get more enjoyment out of your landscape. You can contact one of our landscape maintenance professionals by dialing (818) 404-5250 or email rmcrae@oakridgelandscapenet.net.

We'd be happy to get you growing!
